Temporary Relocation of Ventura County Fire Department's Fire Station 29 in Santa Paula

CAMARILLO, Calif. – As part of the Ventura County Fire Department's initiative to modernize Fire Station 29 in Santa Paula, the personnel and equipment currently stationed at the Tenth Street location will be relocated to a temporary facility one block east on East Main Street. This transition to the temporary station will occur on Friday, March 22, 2024, at noon. The fire crews will operate from this temporary location until the construction of the new fire station is completed.

Temporary fire station details

- Full-staffed Fire Station
- Location: 1033 E. Main Street, Santa Paula (East of the California Oil Museum).
- 24-hour Emergency response.

Non-emergency business

For any non-emergency business, such as obtaining burn permits, fire prevention inquiries, arranging fire station tours, and similar matters, individuals are advised to visit Fire Station 26. This station is located at 536 W. Main Street in Santa Paula.

Plans for new fire station 29

The department has outlined a comprehensive strategy to rebuild Fire Station 29 completely, where it stands today. This ambitious undertaking is driven by a vision to seamlessly integrate the new fire station's design with the existing style and architecture of Santa Paula. By doing so, the revamped fire station will not only blend harmoniously with its surroundings but will also play a pivotal role in elevating the aesthetic appeal and welcoming ambiance of the city's historic downtown area.
